### "Sixteen Tons Of Hardware"

Visit "[Sixteen Tons Of Hardware](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Sixteen tons of hardware  
Sixteen tons of hardware  
Every night has got a crowd to cheer  
A show to get things right  
Every band has got a stage to fear  
A kick when the crowd is in sight  
Turn on feedback looper super trouper  
Flashes clashing a screen  
Tune in consecrating masquerading  
Ghosts in our sonic machine  
We load sixteen tons of hardware  
Blazing steel and galvanized  
We crash fifteen supersonic tanks  
Through the gates of paradise  
We load sixteen tons of hardware  
Blazing steel and galvanized  
We crash fifteen supersonic tanks  
Through the gates of paradise  
Digging deep inside a wall of sound  
The cheering of the crowd  
Take me high Im feeling heavenbound  
The sound when I shout it out loud  
Turn on feedback looper super trouper  
Flashes clashing a screen  
Tune in consecrating masquerading  
Ghosts in our sonic machine  
We load sixteen tons of hardware  
Blazing steel and galvanized  
We crash fifteen supersonic tanks  
Through the gates of paradise  
We load sixteen tons of hardware  
Blazing steel and galvanized  
We crash fifteen supersonic tanks  
Through the gates of paradise
