If I can hold you tonight, I might never let go  
If I can hold you tonight, I might never let go  
If I can hold you tonight, I might never, no never let go

If I can hold you tonight, I might never let go  
If I can hold you tonight, I might never let go  
If I can hold you tonight, I might never, no never let go

I like the way you dance, I like the way you paint your  
lips  
And if I had a chance to be with you, I wouldn't slip  
So hey what do you say, just see a thing or two in me  
Then let's be on our way, we don't need no other  
company

If I can hold you tonight, I might never let go  
If I can hold you tonight, I might never let go  
If I can hold you tonight, I might never, no never let go

We won't need no wine and we won't need no other  
stuff  
'Cause we'll be doing fine from being close and tastin'  
love  
And when the night set ends, we'll close the curtains  
way up tight  
And then we'll just pretend that it isn't day but still the  
night

If I can hold you tonight, I might never let go  
If I can hold you tonight, I might never let go  
If I can hold you tonight, I might never, no never, let go

There's a fire burnin' deep down in your eyes  
It's got me almost hypnotized

I like the way you dance, I like the way you paint your  
lips  
And if I had a chance to be with you, I wouldn't slip  
And when the night set ends, we'll close the curtains  
way up tight  
And then we'll just pretend that it isn't day but still the  
night

If I can hold you tonight, I might never let go  
If I can hold you tonight, I might never let go  
If I can hold you tonight, I might never, no never let go  
I might never, no never let go, I might never, no never  
let go
