"Today"

I don't know how I got this far away
But I don't feel right in my own skin today

It seems like I'm always moving in the wrong way
Keep thinking things will change, change some day

Its like everybody knows, everybody else believe
Everybodys got something good to say, and
interesting

And all I can see are the bright colors in my head
I should roll myself right down, get out of bed

No not today...
No not today...

No not today...
No not today...

Hey...

But I don't know why, I always feel so alone
But I feel it cold and I feel it right down, to the bone

I wanna close my eyes real tight, let it drift away
But theres no turning back for me, not here today

No not today...
No not today...

No not today...
No not today...

I know, you feel, I'm crazy
Its like everybody feels, emptiness, its plain to see

But Mr. Sad Clown, you're lingering, in a bad place
Won't you steal, those tears, away

And hey, hey, hey...
Not today, hey, hey...

And long as i can recall, its been part of me
Though it isn't always so clear, or plain to see it, no

And its so damn hard thinking about breaking off from
you
But it feels just like it might be the right thing to do

Yeah...

Maybe today...
Maybe today...

Yeah.. yeah...

Maybe today...
Maybe today...

Maybe today... hey... hey..

Yeah.....
