I'm gonna miss the simple town full of memories
I'm gonna miss just hanging out with all my friends
The rainy days and summer nights
Skipping stones by the river side
But i know.. it's time to go
So heres goodbye heres so long
I must go and follow love
I feel my heart moving on
I must go and follow love
Carry on while I'm gone
This is what i've been dreaming of
I miss you so
But i must go, go and follow love
I've got a heart that's full of dreams
And a little bit of crazy
I can feel it pulling me to somewhere i have never been
I'm packing up and leaving home
To travel into the great unknown
Its time, i have to go
So heres goodbye heres so long
I must go and follow love
I feel my heart moving on
I must go and follow love
Carry on while I'm gone
This is what i've been dreaming of
I miss you so
But i must go, go and follow love
Were not guarranted tomorrow
So we must just keep on living for the day
And make the most of every moment
Every step along the way...oh
So heres goodbye heres so long
I must go and follow love
I feel my heart moving on
I must go and follow love
Carry on while I'm gone
This is what i've been dreaming of
I miss you so
But i must go, go and follow love
I must go, go and follow love
