"I Am Love"

I've been here such a long time
Waiting for our first dance together
You refuse to give me the time
So I wait forever

I could have walked away a long ago
But I just can't get you off my mind, no
I could choose to shut the door
Say I won't be patient any more

But love doesn't give up like that
Love doesn't say enough's enough
Love doesn't just walk away
When the going gets tough
I know 'cause I am love

I can see what you're trying to do
Fill this space with another lover
You should know that I have feelings too
And we were made for each other

But one day this new lover will be gone
Like the rest, it will be moving on
But I'll still be here holding out my hand
I know it's hard but try to understand

That love doesn't give up like that
Love doesn't say enough's enough
Love doesn't just walk away
When the going gets tough
I know 'cause I am love

Love doesn't give up like that
Love doesn't say enough's enough
Love doesn't just walk away
When the going gets tough
I know 'cause I am, I am love

I am love, I am love
It's all [Incomprehensible], I am love 4:09
It's all you need, me 'cause I am love
It's all you need, me

It's all you need, me, I am love
