How much farther must I go
'Till you say that I'm broken
How much heartache must I know
For you to say "enough's enough"

How many teardrops have to fall
For You to see that I'm empty
Is the reason for this all
So I'll admit I'm not so tough

So come and stop the bleeding
I think I finally understand
So come and stop the bleeding
I know you can

How much desert must I cross
'Till I come to the Jordan
I am thirsty and I am lost
My heart is weak emptied out
So come and stop the bleeding
I think I finally understand
So come and stop the bleeding
I've tried to fix this but I can't
So come and stop the bleeding
I know You Can

So come and stop the bleeding
I think I finally understand
So come and stop the bleeding
I've tried to fix this but I can't
So come and bring the healing
I think I've had all I can stand
So come and stop the bleeding
If You can
Come and stop the bleeding
I know You can

How much farther must I go
'Till you say that I'm broken
How much heartache must I know
