Open up wide, swallow down deep
No spoon full of sugar could make it sweet.
The cancer inside, stealing my sleep
Night after night it keeps haunting me.

The secrets I keep are tearing me up inside
I try to hide them and I wonder why.
I wonder why I'm still runnin when I know theres no
escapin.

Come undone, surrender is stronger,
I don't need to be the hero tonight.
We all want love, we all want honor
Nobody wants to pay the asking price.

Fall on my knees, fall on my pride
I'm trippin' over all the times I've lied.
I'm askin please but I can see in Your eyes
You don't need tears for alibis.
It's true what they say, love must be blind
That's why Your still standing by the sinner's side.
Your still by my side when all the things I've done have
left You bleedin'.

Come undone, surrender is stronger,
I don't need to be the hero tonight.
We all want love, we all want honor
Nobody wants to pay the asking price.

I don't think I can drive it home tonight.
I don't think I wanna be alone tonight.

Come undone, surrender is stronger,
I don't need to be the hero tonight.
We all want love, we all want honor
Nobody wants to pay the asking price. (x5)
