Another long day is gone  
And I'm ready for another long night  
Where I'll be by your side  
Another long day will come  
And I'll thank Jesus that I am alive and  
That He made you mine  
CHORUS  
We belong together you and me  
Holding on tight like lock and key  
Going strong the way this love should be our fantasy  
And I'm so glad that God made me for you and you for  
me  
I'm having that dream  
Where we are walking together along  
With the sand in our feet  
And I'm awake and I realize it wasn't a dream  
It was reality  
CHORUS  
We belong together you and me  
Holding on tight like lock and key  
Going strong the way this love should be our fantasy  
And I'm so glad that God made me for you and you for  
me  
CHORUS  
We belong together you and me  
Holding on tight like lock and key  
Going strong the way this love should be our fantasy  
And I'm so glad that God made me for you and you for  
me  
I'm so glad the God made me for you and you for me
