Where could I run, where could I hide,
Where could I go where you are not?
Where could I be where you don't see
All of these demons chasing me?
What kind of sin could I find myself in
Where you wouldn't stop
The world from spinning 'round and 'round
When it seems like I am upside down
But in your comfort I have found
A safe place to fall

And I'll be alright
Safe inside
Stayin' alive
As long as you are watching over me

Where could I go where I don't know
All of the comfort you bestow?
Where could I fall, where could I land
Where I'm not resting in your hand?
How could I stray too far away

Where you won't leave the ninety-nine
To come and bring me back
And put me on your shoulders and
Carry me around your neck
Until it's safe to walk

And I'll be alright
Safe inside
Stayin' alive
As long as you are watching over me

And I will be fine
'Cause You are by my side
And I'll be okay
'Cause You're with me every day
This one thing is sure
I could never, ever ask for more

And I'll be alright
Safe inside

Stayin alive
As long as you are watching over me
