I've got nowhere to turn,
I've got nowhere to hide,
And I've got no alibi,
You've been following me,
You know my history,
and no matter how hard I try,
I can't explain away,
The way I feel today,
There's only one thing I can say:

It's You, You found me.
You found me and You called me from the wilderness,
From my cave of emptiness,
Yeah, You, You found me.
You found me in the places of my loneliness,
You told me there was more than this,
You captured me with tenderness,
Yeah, You found me.

There was so many days,
Trying to figure out ways,
to explain what I feel inside.
I tried to fill up my soul,
without, losing control,
this desire never did subside.
I'm ready to give in.
I know I'll never win.
The hide and seek that I've been in.

You, You found me.
You found me and You called me from the wilderness,
From my cave of emptiness,
Yeah, You, You found me.

You found me in the places of my loneliness,
You told me there was more than this,
You captured me with tenderness,
Yeah, You found me.

In the pit of despair,
I was all alone there.
I wasn't looking for You,

But You found me anyway.
You put Your hand on face,
Then you changed my ways.
Nothing can separate me from...

You,'Cause You found me.
You found me and You called me from the wilderness,
From my cave of emptiness,
Yeah, You, You found me.
You found me in the places of my loneliness,
You told me there was more than this,
You captured me with tenderness,
Yeah, You found me.

You found me.
You found me and You called me from the wilderness,
From my cave of emptiness,
Yeah, You, You found me.
You found me in the places of my loneliness,
You said there's more to life than this,
You captured me with tenderness,
Yeah, You found me.

Oh, You found me
