(Fiamma) Kind land of green hills and lakes  
Let me stay here with you  
I have left the mountains and the great woods in the  
North  
I'll be your daughter from now on

(Tonj) Land looking out to the sun and the high  
mountains  
Let me stay here with you  
I left troubles and loves on the other side of mountains  
and sea  
I'll be your son from now on

Mixedblood is the blood of our fathers  
And of the fathers of our fathers  
And of the fathers of the fathers of our fathers

(Fiamma) Kind land a man has come from the sea  
Make him stay here with me  
He has salt on his skin, a foreign language on his lips  
He has come and he'll be mine

(Tonj) Land full of flowers, I found a clear-eyed one  
Make me sit here with her  
She gives warmth, her hair like fire  
I have found her and she'll be mine

I left troubles and loves... hot and burnt by the sun  
Mixedblood is the blood of our fathers
