I was waiting still
For my life to start
Take note of what survives
When you burn the past

There's no time We won't wait for no one
The string unwinds We won't wait for no one
The jealous stares We won't wait for no one
I feel so scared We won't wait

It's time for us to be together
It's time to dance in the delight
Tonight, tonight, tonight
it's been a long time
Denied, denied, denied

Fatal is the lie
Says he soon will come
Sitting in the fire
We're the only ones

There's no choice We won't wait for nobody
To trust our voice We won't wait for no one
The jealous stares We won't wait for no one
I feel so scared We won't wait

It's time for us to be together
It's time to dance in the delight
Tonight, tonight, tonight
it's been a long time
Denied, denied, denied

There's no choice We won't wait for nobody
To trust our voice We won't wait for no one
The jealous stares We won't wait for no one
I feel so scared We won't wait

It's time for us to be together
It's time to dance in the delight
Tonight, tonight, tonight
it's been a long time

Denied, denied, denied (2x)

You and I love
Won't live forever
