Fake light from the Sun  
it's driving me mad  
It's poisoned our good name

Somebody said  
the sky's turning red  
No one can be trusted

And I want you to know  
that the sky,  
it's full of wires

Fake light from the Sun  
It's all in my mind  
Your nature is so kind  
This water tastes better  
when I have been fooled  
Your absence is so cruel

Nobody can know,  
I just want control  
I see enemies always  
They hid in the trees,  
insidious fleas  
cause cancer in strange ways

And I want you to know,  
that the sky,

it's full of wires

Fake light from the Sun  
It's all in my mind  
Your nature is so kind  
This water tastes better  
When I have been fooled  
Your absence is so cruel

And I want you to know,  
that the sky,  
it's full of wires

Fake light from the Sun  
It's all in my mind  
Your nature is so kind  
This water tastes better  
When I have been fooled  
Your absence is so cruel

Fake light  
It's all right  
No harms gonna come to me  
I'll sail to the end of the sea  
Somebody will rescue me
