[Intro: Ice-T]

No matter how much of my music you've listened to
How many interviews you've read on me, how many
times you've seen me on TV
No matter what you think!

[Chorus: Ice-T]

You don't know me - FEEL MY PAIN!
You don't know me - FEEL MY PAIN!
You don't know me - FEEL MY PAIN!

[Verse One: Ice-T]

You don't know me, don't know my life
Don't know my struggle, don't know my pain
Don't live in my brain, don't know my thoughts
Don't know my fears, don't really know my name
You just talk shit, talk like you know
Talk like you been there, talk like you lived it
Motherfucker, I would like to take you one day
Take you down to my hood, take you out to play
See the results of A.K. spray, pick up a baby girl
missing a leg
Come home and find your whole family dead
Get a 4.5 cocked up to your head
Get jacked by the cops, beat down in the street
No electricity, hungry for weeks
You don't know, well, I think you should
Cause down in the ghetto, well, it ain't at all good!

[Chorus: Ice-T]

[Verse Two: Ice-T]

You don't know me just heard the song
Rapped with the music, just sang along
Never really pulled and cocked the steel
Never shot for real, never aimed to kill
Never pushed no crack, never locked a block
Never hit no cop, never packed a Glock
You like listening to Gangster shit
Makes you feel real hardcore, roll with the Crips
This shit's real, soon you'll learn

People do die, bullets do burn
Go off in the ghetto and make the wrong turn
Get your motherfucking cap let back!
Quicker than fuck, you can get your ass stuck
Dumped in a ditch, burnt in a truck
Stick to the CD, and stay away
Cause you don't know me and niggas don't play!

[Chorus: Ice-T]

[Verse Three: Ice-T]

This is not your life, You are just a visitor!
This is not your life!
This is not your life, You are just a visitor!
This is not your life! life! life! (*Multiple Gun Shots*)
You don't know me not like me at all
Don't wake up everyday on edge of death
I don't trust anybody including myself
I feel like I'll die violently, fuck my health!
Or maybe you do and you feel the same
Wake up with headaches cursing the game
Grab at your brain like your going insane
Then I know you can feel my pain!

[Chorus: Ice-T]

[Outro: Ice-T]

This is not your life, You are just a visitor!
This is not your life!
This is not your life, You are just a visitor!
This is not your life! (*Multiple Gun Shots*)
