Yeh yeh you know it [3x]

[Singing] F.B.I.

Hey man F.B.I. [2x]

[Shawn Jay]

Say dem field mob cats relentless

Ashy to to classy's a classic

But they back wit vengeance

The roota to the tooda

If you sleepin on us we gone wake 'em up BLAW

Cockadoodin like a rooster

[Hook:] it's over..it's all over [8x]

[Shawn Jay]

Is it cause we country

We easily under-appreciated

But when we rap, we snap and conquer wit lethal  
statements

And some of these heathens hatin

Or dumb for believin they can

Ever defeat us or make a come-up recievin bacon

I leave 'em shakin like the hands on muhammed ali

On the mic, I'm like the man muhammed ali

Box 'em in from the pressure, make it hard to breathe

Like dat gay guy wit tracks, I bob and weave

I aint arrogant, I aint conceeded

But field mob the shit the same name but now they  
seein

The hood gave us five mics but I aint achieve it

We too real, we flow from the gut, but I aint balemik

Indeed I'm an anemik, see so my eyein is needed

I's fire my heat quick

Field boys squeeze it

Like we makin OJ

You can bleed like ya dating O.J.

Shawn Jay and chevy p. we makin folk say

[Hook: (8x)]

[Smoke]

I remember being the invisible  
Nem-com-booboo  
No one listen to so pitiful  
Miserable, feelin blue  
Felt ridiculed, cause kids wit two  
Parents wit loot little G-piphanew  
Fishingshoes, lent and cruise  
Would get in groups  
And pick and threw  
Wit shit to do  
But pick at who... me!  
Im dat stupid, skinny dark-skinned dude  
Wit the missin tooth  
Who wouldnt do shit to you  
We just sit in two  
The back of the class  
Write raps in his pad  
His pencil to to his tablet  
Listenin to little music instrumental tracks  
And they laughed, wit shit to lose  
He practiced and practiced  
Wit no clue dat it would happens this fast  
Made his presence, he quickly grew  
Rapidly fast, sold packs for the cash  
H03\$ passing they ass  
Like they then see me, now I'm rich they do  
Went from moving more 50's than shady and dre  
To coming up like masturbation on planes  
Gotta save for the rain  
But takin shawn first, to a jill scott concert  
So he can hear the fat lady sing, cause its....
