Did you hear what the TV told you about the raid today? Did you believe every reason why they took outr rights away? I will not remain (silent) blind to the truth And blinded by the television light

Did you read what the papers wrote about our set of laws?

They unify and discriminate, then hope that it is solved I will not complain, who would listen to a small man?

Is there someone out there who will listen And not give it to television

Who should listen? Who's on our side?
