you're telling me that you're always broken
and then ur sick but u dont know why
u gonna be what u always hated
uve got something in ur eyes

look now
ur throwing it away
so get right to the top today
right now
its time to get away
u got the reason to live ur life everyday

gotta stand on a one g basis
got a feel it to let it go
i wont abuse its ur own oasis
half ur weight and twice my life

look now
ur throwing it away
so get right to the top today
right now
its time to get away
u got the reason to live ur life everyday

look now
ur throwing it away
so get right to the top today
right now
its time to get away
u got the reason to live ur life everyday

you're telling me that you're always broken
and then ur sick but u dont know why
u gonna be what u always hated
uve got something in ur eyes

(right now) look now
ur throwing it away
so get right to the top today
right now
its time to get away

u got the reason to live ur life everyday

look now

ur throwing it away

so get right to the top today

right now

its time to get away

u got the reason to live ur life everyday

everyday (repeat to fade)
