Days go fast and you don't change, I often wonder where you're going (going). Stuck onto your own sick ways, fixated to a world dissolving (dissolving). I've said everything I had to say, you'll find your way not to exist. Aspiration washed away from that liquid form in your hand (your hand). I don't care what the fuck you do, I don't care where the fuck you're going (going). I've said everything I had to say? you'll find your way not to exist. Your lifestyle's changin', your life is in your hands (your hands)! I've said everything I had to say? you'll find your way not to exist.
