This entertainment seems to never stop.
She won't talk to him.
And I'm not sure I won't.
And if I call now, I'll feel better somehow.
I can see everything right before my eyes.
(Chorus)
I can see everything I need before my eyes, before my
eyes.
It comes with so much more.
It's time to buy something to save my time.
Should I waste my time.
Maybe finally find.

What I've been searching for.

No payback. (3X)
(Chorus)
But, we'll always be the lasts to know
