This is where the party ends  
i can't stand here listening to you and your Racist  
Friend  
I know politics bore you  
but i feel like a hipocrit  
talking to you, and your racsist friend

It was the loveliest party that i ever attended  
If any thing was broken im sure it could be mended  
My head can't tolerate this bobing and pretending  
Listen to some bullet head and the madness that hes  
saying

This is where the party ends  
i can't stand here wandering how you,  
can stand by your Racist Friend  
I know politics bore you  
but i feel like a hipocrit  
talking to you, and your racsist friend

This is where the party ends  
i can't stand here listening to you and your Racist  
Friend  
I know politics bore you  
but i feel like a hipocrit  
talking to you, and your racsist friend

Out from the kitchen to the bedroom to the hallway  
your friend appologieses is he could see it my way  
he let the contence of the bottle do the thinking  
can't shake the devils hand and say your only kidding

This is where the party ends  
i can't stand here listening to you and your Racist  
Friend  
I know politics bore you  
but i feel like a hipocrit  
talking to you, and your racsist friend
