If only the moon were up  
Been trying to find my shoes  
There's nothing to say anymore  
Staying can only lose

If only my eyes looked up  
I'd probably be back soon  
But looking is never enough  
Looking's only good for

Taking apart the dark, the talk is all gone  
Taking apart the dark, the moon is up  
Taking apart the dark, the talk is all gone  
Taking apart the dark, the moon is up

If we wouldn't be so tough  
We'd probably have more to say  
But lying is never enough  
That's all we're used to

I noticed you're stuck in a rut  
Seems like you're taking root  
But wanting to be where we are  
Is never any good

Taking apart the dark, the talk is all gone  
Taking apart the dark the moon is on  
Taking apart the dark, the talk is all gone  
Taking apart the dark the moon is on

If only the moon were up  
Been trying to find my shoes  
There's nothing to say anymore  
Staying can only lose

If only my eyes looked up  
Perhaps I could find my way  
I never could see very far  
Seeing's only good for

Taking apart the dark, the talk is all gone  
Taking apart the dark the moon is on

Taking apart the dark, the talk is all gone  
Taking apart the dark the moon is on
