Pain, we are transforming  
With your daughters underground  
Pain, we look like sisters  
Caught up in a landslide  
Falling down

Too far you can't feel it  
Too far you can't reach it  
Too far

Reanimator  
Reanimator now

Reanimator  
Reanimator now

Pain, entranced by fire  
Your world stinks  
Your world stinks of you

Pain  
The world's unwired  
Your mind burns  
Your mind burns on through  
Too far you can't feel it  
Too far you can't reach it  
Too far  
Too far  
Reanimator  
Reanimator now  
Reanimator  
Reanimator now
