BlueWater (electrostatic)

~~~~~

Move back, Step outside yourself

Just move back, Step outside yourself

Just move back stepping outside yourself

Feel I'm falling upwards looking at hell

{ Blue Blue, What am I supposed to do?

{ Well life looks a little hazy

{ Looking at my self... {These 3 lines are on 12"}

Sea Green - If you know what I mean?

Please unleash this animal inside

Out of my mind

Chorus: Well it's the perspiration, it's draining my head

Perspiration, is draining my head

Perspiration, is draining my head

Perspiration, is draining my head

Blue Angel

In this night fall{This night for us??}

It's substance, it dawns{The suffocation stops??}

In this night form

The Constant Pain (x2){The Astral Plane??}

Bluewater
It keeps grinning {It's got to bleed }

Blue Blue, I'm preying for you
Get out the electrostatic hotwire
I've got a drain on you

Chorus:

Blue Angel
In this night form
It's substance, it dawns
We feed at nightfall
Blue Angel
This stillness nightform
Minion
Come down
Minion
In the depths

In Every Dream Home a Heartache

~~~~~

[By: Bryan Ferry and Roxy Music. From:For Your  
Pleasure(1972)]

In every dream home a heartache  
And every step I take  
Takes me further from Heaven  
Or is there a Heaven?  
I'd like to think so

Standards of living, they're rising  
But "Home, Sweet Home" is only a saying  
From bedknobs to faucets  
It's not an apartment  
The cottage is pretty - the main house a palace  
Then cottage perfection; what goes on - what to do  
there?  
Better pray there

Open and living  
Under the ranch stile  
All of its comforts  
Seems so essential

I bought you mail order  
My plainwrapper baby  
Your skin is like vinyl  
The perfect companion  
You float in my new pool  
Delicious, delightful

Inflatable doll, my role is to serve you

Disposable darling

I'll throw you away now

Immortal and life-sized my breath is inside you

I'll dress you up daily

I'll give it my best try {Doesn't sound right?}

Inflatable doll

You're never ungrateful

I blew up your body but you blew up my mind

{Fantastic Instrumental bit....}
