He rides on the crest of a wave  
his anger running out  
he acts as if the same way  
as I ride across town to town  
I forgive you follow me  
I forgive you follow me  
I forgive you follow me  
I'll forgive you  
I'll forgive you  
I've seen the hardest men fall  
I've seen them crawl  
secrets I know where noone can find them  
behind the darkened door  
I can feel what she wants me to be  
I can see the movements she'll make  
'cause  
I can see  
I can see  
I can see  
I can see

I can see  
I can see  
I've seen harder men fall  
I've seen them crawl  
secrets I know where noone can find them  
behind the darkened door  
darkened door  
darkened door  
darkened door  
I forgive you follow me  
I forgive you follow me  
I forgive you follow me  
I'll forgive...  
I've seen harder men fall  
I've seen them crawl  
secrets I know where noone can find them  
behind the darkened door  
the darkened door  
the darkened door  
the darkened door
