I used that light, uncommon chance -  
The gift of Life, you see and blame!  
But so tenacious raw-boned hands  
Of grief will catch me soon... again!  
I'm cuddling up to the ground,  
To know, where You are.  
But Your steps do not make a sound,  
This Silence gives rise to Fear.

I am the whisper in the night,  
I walk, Where water cannot flow.  
My noiseless steps, my inner fright  
Will turn my soul to the stone with glow.

This world, which was condemned one day,  
Will cast down as the Destiny's prey.  
It'll breach these walls - your thoughts are blind  
It'll flow deep into your mind

Life's just a game with no rules  
There is no sympathy for fools  
Creator's name is keeping dark  
And in the ages it is stuck

Forgive me for this silent pain,  
For these crawling years,  
I was keeping back in the rain,  
Who I am.. properly in your sacramental fears.  
The mystery of me is hiding in the shade,  
In the shade of Your reflection of fade...

You must boldly go forward,  
Don't need to see any road,  
If you take a false step  
Understand, you're entrapped.  
Be awaring in advance  
Of the Destiny's romance -  
A crook in the lot for you  
Have You wait for something new?

I have lived all life as actor,

Seemed to be unlike I am.  
My essence was vanished hectored  
Now it's lost for world in dreams.

Under my mask you will see dirty face  
Dashed with the lie of Life in this insane race  
Of Life, which don't worth a stiwier  
Running after the sun, I became alone in this River.
