Ever since you've been gone
My tired mind runs on and on
Through my memories
Of being with you

I got to wonder why my love grows stronger
As these lonely nights grow longer
The pain of missing your sweet love
Just won't last

Another day, come and gone
Another shot won't do no harm
Love, I need to hold me
Can't be fixed

Hope that someday you'll be the one
You'll be the rain and you'll be the sunshine
But sometimes I'm afraid
That's all in my mind

Hope that someday you'll be the one
You'll be the rain and you'll be the sunshine
But sometimes I'm afraid
It's all in my mind

Baby, we let our time run out
Missin' you really drags me down
Thought I'd fall for you so hard

Now I'm left with emptiness
Once so hopeful, lost and lonely again
And find that feeling I had when I was by your side

'Cause you gave me everything
Everything my heart desired
And I gotta find a way back to you

Hope that someday you'll be the one
You'll be the rain and you'll be the sunshine
But sometimes I'm afraid
That's all in my mind

Hope that someday you'll be the one
You'll be the rain and you'll be the sunshine
But sometimes I'm afraid
That's all in my mind

Baby, all the [Incomprehensible]
And I just [Incomprehensible]
