Verse 1:

Oh reminisce
On every little thing that I did on you
Knowing now your love for me was true
I guess its time for me
To let you go 'cos you're always on my mind
A love like yours I know is hard to find

Chorus:

That's why I see, so many times
That's why I felt, all of those lonely nights
Sometimes I feel your heart
Beat close to mine
Wishing I could hold you once again
Wishing I could love you once again
In a different a life

Verse 2:

And sadness
Is eating away at this lonely heart of mine
Never stop to think and wonder why
That I hurt you so(That you hurt me so)
The pain it cuts to deep
My love still shows
The feeling deep inside, nobody knows

Chorus:

That's why I see, so many times
That's why I felt, all of those lonely nights
Sometimes I feel your heart
Beat close to mine
Wishing I could hold you once again

Middle 8:

When I call you up to say hello
My body shivers I can't let go
The reality of you and me
Who am I fooling it's just a dream
I got to brace myself to get over you
Tell me baby, what am I going to do?

Chorus(x3):

That's why I see, so many times

That's why I felt, all of those lonely nights
Sometimes I feel your heart
Beat close to mine
Wishing I could hold you once again

Wishing I could love you once again
In a different life
