Verse 1:

I'm just sitting here on my own
She's talking on the phone
Won't stop nagging me, harassing me
She won't leave me alone,
As she walked into my lonely life
Was looking for something brand new
Your sexy walk, the way she talked
Just want to **** someone like you

Bridge:

When I turn and look I see you with a smile
I get their feeling deep inside
You think that I'm the kind

Chorus:

Is this the way that love goes
Baby you know that I'll go with the flow
Cos I want you so
Cos a one night thing is all I'm looking for
Is this the way that love goes
Baby you know that I'll go with the flow
Cos I want you so
If this is just a kiss please let me know

Verse 2:

As you start to dance in them leather pants
I'm thinking will I take the chance
Big eyes of blue as they stare at you

Knowing what I want to do

As you walking near, you make it clear
You dont do the one night thing
It's no surprise when u said goodbye
Saying that your not that type

Bridge:

Guys like with only one
Thing on the mind
Who lie to try to keep you so
That you will stay the night

Chorus

Tell me what you want from me
To spend the night no strings attached
So I can still be free
I'm not that kind of girl you see
Girl you don't know what this is like
Just let me go / do you have to go

Is this the way that love goes

Baby you know that I'll go with the flow
Cos I want you so
Cos a one night thing is all I'm looking for
Is this the way that love goes
Baby you know that I'll go with the flow
Cos I want you so
If this is just a kiss please let me know
Chorus(x2)
