Verse 1:

You were always telling me
That I would be the only one
So good for you, so good for you
I never knew that you were fooling around
Having fun
So good for you, so good for you
But oh oh, oh oh
Now I don't know if I should stay
Or I should go

Chorus:

How much more can one heart break
Before I take one step away from you
How much more can this go on
Before it's gone
And our love will break in two

Verse 2:

No matter what you did
You thought that I would never walk away
So good for you, so good for you
Everytime I tried
You knew that I would turn around and stay
So good for you, so good for you
But oh oh, oh oh
I'm telling you my feelings

Cos you need to know

Chorus:

How much more can one heart break
Before I take one step away from you
How much more can this go on
Before it's gone
And our love will break in two

Middle 8:

Now I'm not sure that I can take this pain
You build me up and then you lie again
You never seem to understand
Just what I want

Now it's time for you to realise
That I'm looking for a compromise
Or you will turn around and I'll be gone

Chorus(x2):

How much more can one heart break
Before I take one step away from you
How much more can this go on
Before it's gone
And our love will break in two
(repeat)
