Verse 1:

Sitting here wondering which way to go,
I show my affection but you still say no,
I'm in illusion, what's going on?
Hoping one day we will be as one,

Bridge:

I know I've made mistakes in the past
But this time baby can we make it last?

Chorus:

You are the one for me I know
And I am never gonna let you go
My dreams are real
And you can feel me baby
I could never let go

Verse 2:

I still remember the times we spent, every
Last memory and where we went
Time is passing and I'm feeling low
Try to face the truth and let you go

Bridge:

When I look at you I run and hide
Because my heart is breaking deep inside

Chorus:

You are the one for me I know
And I am never gonna let you go
My dreams are real
And you can feel me baby
I could never let go

Middle 8:

If I could turn back the time you'd know
That these are the feelings
I needed to show
You always told me
This love would be right
I need you here with me tonight with me

You are the one that I want
You are the one that I need
You are the air that I breath
You are the one that I want
Always the one that I need
You are the air that I breath

Chorus(x2)

You are the one for me I know
And I am never gonna let you go
My dreams are real
And you can feel me baby
I could never let go
