Geah. Wutup? The Compton phsyco is back  
Here goes something for the niggas

Listen up mutherfuckers cause its hard times  
MC Eiht comin back with the hard rhymes. Geah  
So bring your pen and pad and start learnin  
And sit your ass down for the Eiht root sermon  
You know the hard life comes livin with livin in the  
ghetto  
Nigga hello, don't be shakey like Jello  
And you better know where your from  
Or you might catch the blast to your sorry ass. Geah  
And the gang bangin done got me in the slum  
So I gotta be with it, fuck the dumb  
Down for the hood, holdin my own  
livin it up cause one day I'll be gone. Geah  
Now the shit done hit the fan  
14 year old nigga headed for the can  
Blame it on the world, because everybodies buggin  
Can I get help because a niggas strugglin

17 years old kinda crazy  
Heard my little freak is pregnant with a baby  
So now I gotta pay, and no time to play  
cause the mutherfuckin stork is on his way  
Hey, nigga give up your shit  
and don't be a hero, cause fool I aint havin it  
One more point that got scored  
cause lettin you slide I just cant afford. Geah  
Just like cats and dogs when it rains  
another jacked is the snaps that I gain  
So I rush you, quick on the blind side  
Better take cover when Eiht starts to hoo-ride  
No where to run so you stand and fight  
As I macks your ass once good night  
A nigga like me 'll keep muggin  
Can I get help cause a nigga strugglin

I guess its back to the same old shit  
Grab the gat then I make another hit  
beggin just aint friendly

can't get a job at motherfuckin Wendy's  
Gotta go out and test my skills  
A brother gotta kill to bring home the bills  
It aint the way I was born, the way I grew up  
To gets whats yours and dont even give a fuck  
So nigga gimme whats mines and get on  
Punk you know the routine its the same ass song  
So don't slip fool or get caught  
Riggedy-raised in Compton was the way the Eiht was  
taught  
Gettin my propers, beatin the coppers  
This brother gotta have the ends I wont stop the  
Puttin in mutherfuckin work  
I gotta have the ends cause I'm down for the dirt  
Cause a niggas strugglin

Geah, thats how it go down, y'knowutumsayin?  
Niggas strugglin, cant get none. Cant get over. Damn.
