"Lie"

Visit "[Lie](#)" on MotoLyrics.com

Surrounded by the fear
Ashamed by the truth
Whisper in my ear
Makes me think about myself

Living in the lies
Now that the trust is gone
Drained by the tears
Caused by the pain in my heart

Do you trust yourself ?
Don't you trust me.
Shatter by all these lies

Surrounded by the fear
Ashamed by the truth again
Whisper in my ear
Makes me think about myself

The strength of your thoughts
Will guide you along
The foolish path of your feeble mind.
