Self made man

Hey where have you been ?
IÂ've been looking for you
Lights we could not see
Please remember meÂ...
Cast shadows at the sky
No worries her eyes are still dry
Questions rising, from an inner need
Answers are falling from curiosity
Possession, maybe my heart isnÂ't at the right place

Weird story, in the middle of broken bodies
Something that can only be seen

Only be seen
By the eyes of the blind
Pointed fingers behind your back

Read between the lines :
It will die out on you
Take care of your self-made conscience
I grew up before I knew
What happened ? I got lost.

Hold on to the greatest times we had
To never surrender
To know where to look back
ThatÂ's who you are, keep it on the right track.
