Geah

The nigger ho's is back in this muthafucka  
Mc Eiht, DJ Slip, Half Ounce, Eihthype

Bitch I'm only out to fuck, get your lips ready to suck  
As I go up in you like a mack truck  
What's love got to do with this?  
Get butt naked as I squeeze on your ass and grab your  
tits  
Shit just call me Mr. King Kong  
With my nuts in your mouth while you play ping pong  
ho'  
I start killin' that twat, you start whinin'  
Take out the big blow pop and start slimin'  
So get ready for the big blacks nigga  
Eiht can stick her, it's a winner, tie you over till dinner  
Bitch, my shit is beef, fuck  
Bacon no fakin, play hard to get and I'm taking  
So give that big fat ass a rest  
With my shit in your mouth as I sit on your chest  
Geah like my homies from D-F-C: you can get the dick!  
Bitch, I'm ready to stick  
Can I still kill it?

Geah

Uh, what up  
And all the ho's in the house, geah  
All the ho's in the house, geah  
All the ho's in the house, uh  
We don't love them ho's, geah

Geah, take off them G-string drawers  
So I can start to break down your sugar walls, uh  
I'll smack it, flip it, rub it, tap it  
Bend over, stick it up a little bit so I can slap it  
All over that big fat tail  
Making you come faster than the metro rail  
Uh, I'm rubbin' your clit, you want me to stick cause you  
gettin hot  
Bend over to the side so I can hit the spot  
Bitch throw your legs on top of my shoulder

I kill that mutherfuckin' twat I thought I told you  
I thought it was cool pimpin, playin like Michael ????  
But the bitch was scandalous like Robin Givens  
I guess i just couldn't handle this  
Twat that's deeper than Atlantis  
Oh geah, pussy so big that I can't even feel it  
But fuck it, I'ma still kill it

Geah  
And that's how it goes down in the 94  
Like my nigga Doggy Dogg say:  
We don't love them hoes!  
And like my nigga Too \$hort say:  
I give you a bitch before I give you a joint  
And like my nigga Ant Banks say:  
Bitch, I'm only out to fuck  
Geah  
And it's going down like that  
Yo Willie take me the fuck outta here
