Is there any point?
When I'm a lazy sod
Well I won't go to college
And I won't get a job
I sleep right through the day
I won't even get dressed
My parents go to work and
Try to put me to the test

I can't be bothered with my life
It causes grief and too much strife
It's not my problem and I don't care
But I have to fix it, it's just not fair

Leave me alone now
And Please get off my back
You shout at me too much and
Well I've lost track of that
I'm going for a walk
To get away from you
So I can have some quiet
To do the things I do

I can't be bothered with my life
It causes grief and too much strife
It's not my problem and I don't care
But I have to fix it, it's just not fair

I can't be bothered with anything
It's getting to my brain
So you gotta leave me
Before I go insane

Is there any point?
When I'm a lazy sod
Well I won't go to college
And I won't get a job

I can't be bothered with my life
It causes grief and too much strife
It's not my problem and I don't care
But I have to fix it, it's just not fair

I can't be bothered with anything
It's getting to my brain
So you gotta leave me
Before I go insane

I can't be bothered with my life
I can't be bothered with my life!
It's not my problem and I don't care
But I have to fix it, it's just not fair
So is there any point?
