(Rob Halford/Mark Chaussee/Scott Travis)

Verse :

Think Iâ€™m possessed by demons,
I do their dirty work.
They use me like a zombie
Headaches is all I get.
Lock myself up in my own room,
Ainâ€™t cominâ€™ out my cage.
Theyâ€™re full of shit and no feeling,
Iâ€™ll always be in a rage.

Chorus :

Small Deadly Space

Verse :

Sympathy cries for the devil,
I dance to the music he makes.
Chemical daze, my salvation,
Destroys these losers and fakes.
Fist in the wall, care of family

Swallow and suck till Iâ€™m full.
I need their love and attention,
Like I need lead in my skull.

Chorus :

Small Deadly Space

Verse :

Leave me alone to my own type,
They say : â€˜stupid is as stupid does.â€™
I ainâ€™t a part of the rat race,
A numberless face, just because.
Iâ€™ll play along with these demons,
Possessed by them every day.
Donâ€™t try to reach out and console me,
Iâ€™ll bite at what gets in my way.

Chorus :

Small Deadly Space
