When I see spawns of the now youth  
Buying the cool metal magazines would be groove  
To merge with their frail truth-  
In my opinions they're despicable smooth

This fucking magazines say what's dumb  
To listen the Arsedestroyer and Benumb...  
"Coz they are "stupid grind"  
Engulfed to your flesh and mind."

This fucked up system says:  
"Listen Dimmu Borgir through the days."  
Teenasses bow to this deception  
Due to unadult sublimation

This is the media-attack  
On the teenages' lack-  
I'm fight you back  
And crack your system's neck

And when they will become adults  
They dubbed in horticulture goods  
Will see the Mexican serial movies through the week  
And growing up the "clever stick"

They will be the obedient electorate  
Which bring their chooses for parliament's debate  
Anguished and languished by the shit capability-  
Become the government loyalty
