Visit "[Labour's Hygienic Laws](#)" on MotoLyrics.com

"Hygienic Criteria for Evaluation
And Classification of Labour Conditions
By Indexes of Harmfulness and Danger
Of Industrial Environment and Working
Process Difficulty and Intensity"-
FUCK THEM!

See the human suppressed
Abused and abased,
With means of that unproceed deeds
By the country-inspectors-cunts
Of the "labour- keepers-bitches"

This putrid laws cannot be passed,
Only the humans stomped up.
Workers die suppressed
On the mucous reached rails' aspect
By the shit-fucked-ass wavelet.
