[Alex:] Hello bayyyyyybay, yeah this is the Bigman speaking (HAHAHA),
You know I was to the passion pit drive-in cruising in my 58' T-Bird,
When I first saw her munchin' on some bubble gum, I just knew that she was the one!

Well a boy like me,
Meets a girl like you,
My eyes are rockin' and rollin',
I just don't know what to do.
OH BABY
I've got you in my pocket,
You know that you are so lucky,
Lovely little girl of mine,

[Alex:] So I asked her to the upcoming Sock Hop Ball,
She just couldn't wait for some backseat bingo!

Now come on pretty mama,
Let's see you sweetie pie,
I need your satisfaction,
Now don't be so shy shy shy,
Lovely little girl of mine,
So shake it shaky mama,
I'll watch your honey pie,
Show me some satisfaction,
Now don't be shy shy shy,
Lu-lu-lu-lovely little girl of mine,
Show me some satisfaction,
Lovely little girl of mine,

So baby lets make out,
At your mama's house,
We're all getting goin',
Why don't you take off that blouse,
OH BABY
It's getting kinda dirty,
You are my purdy purdy,
Lovely little girl of mine,

[Alex:] She wore the hippest pink poodle skirt and I had

a fresh da,
We were having a blast and a flirt couldn't wait to get
my bop-bop-shoo op,

Now come on pretty mama,
Let's see you sweetie pie,
I need your satisfaction,
Now don't be so shy shy shy,
You're lovely little girl of mine,
So shake it shaky mama,
I'll watch your honey pie,
Show me some satisfaction,
Now don't be shy shy shy,
Lu-lu-lu-lovely little girl of mine,
Show me some satisfaction,
Lovely little girl of mine,

Girly you keep it going it yeah just like that,
Never never stop, ohh you're on track
Girly you keep it going it yeah just like that,

[Alex:] I'm back baaabay!

Now come on pretty mama,
Let's see you sweetie pie,
I need your satisfaction,
Now don't be so shy shy shy,
Lovely little girl of mine,
So shake it shaky mama,
I'll watch your honey pie,
Show me some satisfaction,
Now don't be shy shy shy,
Lu-lu-lu-lovely little girl of mine,
Show me some satisfaction,
Lovely little girl of mine,

I know she is the only one for me.
