Let me come and take you on a date,
I promise I will take your cares away,
It won't matter what we do,
Cause baby I just wanna be with you,
With you--,

So baby picture this,
I'll pick you up around 8,
Don't worry I'll never be late,
Because this night is about you,
I'll have you home by your curfew,

How does Italian sound?,
And then a grand night out on the town?
Baby I'll leave it up to you,
Just let me know what you want to do,

So tell me what you like,
And tell what you want in life,
I really care,
Want to get to know you,
Be with you,

Let me come and take you on a date,
I promise I will take your cares away,
It won't matter what we do,
Cause baby I just wanna be with you,
With you--,

Let me get the door,
Cause that is what gentlemen are for,
Here's tickets to a Broadway show,
You know I got them, and they're front row.

And did I tell you that you were beautiful,
In the moonlight tonight,
Tonight,

So tell me what you like,
And tell what you want in life,
I really can't wait to know you,
Be with you,

Let me come and take you on a date,
I promise I will take your cares away,
It won't matter what we do,
Cause baby I just wanna be with you,
With you--,

[Alex:] Hey babe?

[Girl:] Yeah?

[Alex:] Tonights one of the best nights of my life,
And uh I was just wondering if I could give you a kiss?

[Girl:] Of course you can!
