Are you gonna be there to love me?
Are you gonna be there to want me?
Are you gonna be there to be my friend?

Never fear my dear
My heart goes Thum-bum-bum
Better times are near
Follow me into the sun
Don't you fear my dear
We are the only ones
Thum-bum-bum-bummmm

Will you stand by my side through bad times?
Will you stand by my side through good times?
Will you stand by my side when I need you?

Can you swear that you'll make me happy?
Can you swear that you'll make me crazy?
Can you swear that you'll make me come back down?

Never fear my dear
My heart goes Thum-bum-bum
Better times are near
Follow me into the sun
Don't you fear my dear
We are the only ones
Thum-bum-bum-bummmm

Oh girl, we'll make it work
You can take my word
I've been loving you sweetly
It's helped me see more clearly

Are you gonna be there to love me?
Are you gonna be there to want me?
Are you gonna be there to be my friend?

Never fear my dear
My heart goes Thum-bum-bum
Better times are near
Follow me into the sun
Don't you fear my dear

We are the only ones
Thum-bum-bum-bummmm

I'm singin'

Never fear my dear
My heart goes Thum-bum-bum
Better times are near
Follow me into the sun
Don't you fear my dear
We are the only ones
Thum-bum-bum-bummmm

"I'm wrapped in my armor, afraid of what's to come.
But skipping stones kiss the moon, and stars are the
eyes of time.
So yes it seems my friends, dreams really can come
true."
