Well it's about time we set the record straight  
We got a problem with a trend, maybe you can relate  
So over it, we got a message to send  
Is the image really you or is it just pretend?

Do you really want to, be just like them?  
Well I don't know about you, but we're keeping this true  
You're just another fake, why don't you just get a clue!

It's time for you to let this go

You're living by the fad  
Using shows as fashion mags  
You gotta gotta give it gotta gotta give it up now  
And if you can't then we will show you how  
Know the roots, think about some research  
Book a show, buy the touring bands merch  
You gotta give it up, give it give it up now

So now you know exactly how we feel  
We're not trying to hate but here's the deal  
Just give it up now and be yourself  
And we're sure that you'll thank us for the help

So now you have some fresh motivation  
To join the ranks of the new generation  
The labels and the fashion have got to go  
You're just another fake and it really shows

It's time to let this go

You're living by the fad  
Using shows as fashion mags  
You gotta gotta give it gotta gotta give it up now  
And if you can't then we will show you how  
Know the roots, think about some research  
Book a show, buy the touring bands merch  
You gotta give it up, give it give it up now

GO! Pick your feet up off the floor  
Join in, there's always room for more  
We're here to settle the score

So everythings gonna be just fine
