For you, I'll make that innocence go away.
For you, I'll make that innocence go away.
For you girl, I'll make that innocence go away.
For you, I'll make that innocence go away.

Isn't this, what you said?
Isn't this, what you wanted?
Isn't this, what you begged for?
So what the fuck did you stay for?

Forbidden land, as you beg for completion
Breaking the seal, remember who laid you there
Innocence lost, and know there's nothing to fear as
long as you let me steer.

Forbidden land, as you beg for completion
Breaking the seal, remember who laid you there
Innocence lost, and know there's nothing to fear as
long as you let me steer.

Early rise,
Early high today,
But don't you worry babe,
Cause I'll have you faster than a Mexican can say,
Uno, dos, tres, cuatro, cinco, seis.
Uno, dos, tres, cuatro, cinco, seis.

Watch what you say it's coming.
Watch what you say it's here.
Watch what you say it's coming.
Watch what the fuck you say.

Too bad that you never lied.
Too bad that I followed through.
Too bad that you never knew, never knew.
And I hate to run but we've had our fun and now I've
got to go.
But don't you worry cause I'll make a woman out of you
before I'm through.

For you, I'll make that innocence go away.

For you, I'll make that innocence go away.
For you girl, I'll make that innocence go away.
For you, I'll make it go.
