One more miracle or this fairytale will keep crumbling  
beneath our feet  
But as you're sinking off to sleep it's like you are  
drifting out to sea  
In the bottom of a boat

You hide inside hands are tied and it's over

I'm giving all it's all i've ever known to do  
You'll find me here i'm here to finally tell the truth  
And all the beautiful things that we don't recall

Down and out cashed in my miracles  
Came back without you  
I am still in love but this love is killing me  
Over you

I'm giving all it's all i've ever known to do  
You'll find me here i'm here to finally tell the truth  
And all the beautiful things that we don't recall

Down and out cashed in my miracles  
Came back without you  
I am still in love but this love is killing me

Over you

In this book  
I miss the pages  
We wrote together  
The easy thing  
Is never good enough to be the answer  
It takes the harder  
To move forward

What's been in the past  
Is now just a memory to be left behind i'd wind  
The story back in time remembering what were  
The chapters of a life with the pages intertwined

I'm giving all it's all i've ever known to do (out of  
time)

You'll find me here i'm here to finally tell the truth  
(chasing time)  
And all the beautiful things that we don't recall (out of  
time)

Down and out cashed in my miracles  
Came back without you  
I am still in love but this love is killing me  
Over you
