Sitting here all away from you
I've tried so hard I don't know what I should do
It's all been tried, and all has failed
To bring me back to where I once fell

(Chorus)

I just want to find my way back to you
Where love is strong and feels brand new
I just want to find my way back to you
Where love is strong and feels brand new

I'm so tired that I can't fight anymore
It seems as though I've turned and shut my own door
I've prayed so hard hoping that you care
But then I turn and find you are there

(Chorus)

Yes I've been to this place before
Out on this ledge so afraid to look down
Broken down and torn
I find my way to you

(Chorus)
