Somewhere in the city
When I turned my head
The moment you were leaving
I Didn't notice the move
Are you gonna realize
That when you walked away
You took the all that I own
And now I've got to start again

Chorus: F F Eb Eb Bb Bb Bb Bb

Where did you go
And what did you do
With my new bag, black book, and my identity
How did you know
And why should I lose
The most important part of me
My simple life

(Little break)

I watched it worse to you (?)
To take the teachings of my life
Don't you understand if you'll give it back
Right now we'll call it fair
Out in the city
With some time alone
One moment you were leaving
And then you turn and hand it all back to me

Where did you go
And what did you do
With my new bag where in the hell are my car keys
How did you know
And why should I lose
The most important part of me
My simple life
My simple life

I want it back
I want it back

I want it back

Where did you go
And what did you do
With my new bag where in the hell are my car keys
How did you know
And why should I lose
The most important part of me
My simple life
My simple life

Where did you go
And what did you do
With my new bag, black book, and my identity
How did you know
And why should I lose
The most important part of me
My simple life
My simple life
