Your eyes are watching me closely
Somehow you think that your not seen
You look through me in deep thought
But all that's on your mind in my unreal faults

You don't know
You don't know me
You don't know
You don't know me

I know what's going through your mind
You think my surroundings have me blind
I know my motives are pure and true
You need to focus on what's best for you.

You don't know
You don't know me
You don't know
You don't know me

I tried to show you
But you think you know
And you know that assumptions
Won't get you far with me.

You don't know
You don't know me
You don't know
You don't know me
