I thought I was ahead of the game  
Even though I could not name what I was looking for  
I thought I had it all worked out  
Even though I was feeling the worry and the doubt  
I tried to hide behind myself  
But You saw right through myself

(Chorus)

You found me first  
When I was at my worst  
And now I know the love of Jesus Christ  
Cause I have You in my life

When I did not know what love was for  
It was the very key that opened my heart's door  
I thought this peace was just a dream  
Like there wasn't anything like this for me  
I searched this world and all I found was lies  
And then You opened up my eyes

(Chorus)

All these years I could not find the truth  
All these times I could not see  
All these years I could not find You  
And all this time You were watching over me

(Chorus)
