Sitting on a fence  
Your heart can feel the warmth  
Of the one who pulled you out of the cold

Trying to walk the line  
Don't know which way to look  
So you're about to loose your hold

Which way to fall  
To the wrong or to the right  
Jump to one side  
Or fall into the night

It's all or nothing  
There's always something

Walking down life's road  
Things try to hinder you at every turn  
What don't kill you makes you stronger  
But how far will you go just to learn?

You're closer to the edge now  
But this is the very snare  
You've got to push through now  
Remembering he's still there

It's all or nothing, oh, yeah  
But there's always something  
It's all or nothing, oh, yeah  
But there's always something

It's holding you back  
And no, you won't fall  
But you can't break through  
If you don't give your all, yeah, yeah

It's all or nothing, oh, yeah

Sitting on a fence  
Your heart can feel the warmth  
Of the one who pulled you out of the cold  
And pulled you out of the cold, yeah

It's all or nothing  
Yes, it's all or nothing  
Yes, it's all or nothing, yeah  
It's all or nothing
