Here today, and gone tommorow  
Here today, and gone tommorow  
Here today, and gone tommorow, live everday like

cause you might not see the rest

[Holy Quran]

My stacks tall, constant ball  
my stacks fall, not at all  
peep what I wear I come fitted with the weather  
see im a player and im gettin it together  
lot of them po po's, rings and chains  
I got a volvo, a stain with thangs  
a nova creem and green, got over slangin cain  
enough of the details cause I got riches  
I'm fuckin the females, thats hot nottin btches  
and I'm doing wrong and no enesley  
if I'm doing wrong, its gon come back to me  
I'm tired of havin to act up, im ready to do right  
I'm tryin to havin to battle up, already have 2 strikes  
and I'm not feelin grace, times got my spot hot but lot  
got real estate  
its the gita and bigger than slangin ounces  
nigga a pinch of just slangin houses  
I'm ballin, just ballin tremendous  
I'm all in this call it a buissiness  
instead I got bills and a lot of time for plenty G  
better i got mils just by the time im 23  
and everyday I advance, till I got ?  
live everday like your last, cause you might not see the  
rest

[Chorus]

[Dangerous Dame]

why, oh why these niggaz gettin short stopped  
life goes by quicker than a blowjob  
fools gettin scandulus choose who's next to get a race  
from the planet  
its devilish when you die, the element of surprise

you loved in the town cause hella ??  
gangsta, what the you was big  
now you just a memory to tell to the kids  
respect deep, for always going took em up  
but never new when the man was going to pull the plug  
if you new what was coming, you would have slowed  
down  
they just put you in the dungeon your body's cold now  
so if you livin stay up in the lane  
smokin much weed and gettin drunk just fuck if you  
can  
hittin top noch cock, I ask when I get lonely why should I  
got blocked  
I pass it to my homies  
and when we finished you'll be fixing us up  
steak, and potatoes, or even chicken and duck  
im living phat like a TV star, popped the motherfuckin  
mac in the VCR  
I get my money on the proper way handle buissness  
never stressin everyday is like a holiday  
and im subject to be next, live everyday like your last  
cause you might not see the rest

[Chorus]

[Dangerous Dame & Holy Quran]

I save a nickel, save a dime, go to Jamaca  
-take a cruise to the Bahamas
